Welcome to MLaNDS ("the Service"). By creating an account, accessing, or using MLaNDS, you agree to be bound by these Terms and Conditions ("Terms"). If you do not agree with these Terms, you must not use the Service.

1. Definitions

- **MLaNDS** refers to the Multi-Layer Network Defence System, including its website, software, services, APIs, and associated applications.
- **User** refers to any individual or organisation using the Service.
- **Network** refers to any local area network, Wi-Fi network, or connected infrastructure managed through MLaNDS.
- **Device** refers to any hardware detected, monitored, approved, denied, or quarantined by MLaNDS.

2. Eligibility

You must be at least 13 years old or have permission from a parent, guardian, or authorised organisation to use the Service.

You must have legal authority to manage the network you connect to MLaNDS.

You may only use MLaNDS on networks you own, administer, or have explicit permission to manage.

3. Acceptable Use

You agree that you will not:

- Use MLaNDS to monitor networks without authorisation.
- Attempt to gain unauthorised access to third-party systems.
- Use the Service for illegal activities.
- Circumvent security mechanisms.
- Reverse engineer or modify the Service except where permitted by law.
- Interfere with other users or networks.

4. Network Access

By connecting your network to MLaNDS, you authorise the Service to:

- Scan your local network.
- Discover connected devices.
- Read device identifiers including MAC addresses and IP addresses.
- Collect device metadata required for network management.
- Analyse network traffic for security purposes where supported.
- Identify known and unknown devices.
- Detect suspicious behaviour.
- Generate security alerts.
- Record network activity.
- Store approved device lists.
- Store denied device lists.
- Store quarantine information.

- Display network information through the dashboard.

MLaNDS does **not** intentionally access personal files, photos, documents, emails, messages, or other private content stored on your devices.

5. Administrative Actions

You acknowledge that MLaNDS allows authorised users to perform actions including:

- Approving devices.
- Deenabling network access to devices.
- Blocking devices.
- Removing devices from approved lists.
- Quarantining devices.
- Restoring quarantined devices.
- Renaming devices.
- Assigning risk levels.
- Viewing activity logs.

These actions may interrupt a device's network connectivity.

You accept full responsibility for any administrative action you perform.

6. User Responsibilities

You are responsible for:

- Protecting your login credentials.
- Keeping your password secure.
- Maintaining physical security of networking hardware.
- Reviewing alerts before taking action.
- Ensuring that administrative actions are appropriate.
- Regularly reviewing device permissions.
- Backing up important network configurations.

7. Device Information Collected

MLaNDS may collect and process information including:

- Device names.
- Device manufacturers.
- MAC addresses.
- IP addresses.
- Hostnames.
- Connection status.
- Connection timestamps.
- Network interface information.
- Risk classifications.
- Access approval status.
- Quarantine status.
- Activity logs.
- Login history.
- User account information.

- Diagnostic information.
- System logs.

Additional information may be collected where required to provide security features.

8. Credentials

When network credentials are provided to MLaNDS:

- Credentials are used solely to provide requested functionality.
- Credentials should be protected by encryption whenever possible.
- Credentials should never be intentionally shared with unauthorised third parties.
- Users remain responsible for protecting their own passwords.
- Users should immediately update compromised credentials.

9. Privacy

Your use of MLaNDS is also governed by the Privacy Policy.

By using the Service, you consent to the collection, storage, and processing of information required to operate MLaNDS.

10. Security

While MLaNDS implements reasonable security measures, no software or network can be guaranteed to be completely secure.

Users acknowledge that cyber threats continually evolve.

11. Accuracy of Detection

MLaNDS provides automated security analysis.

Security alerts, device classifications, and risk scores are generated using automated processes and may occasionally produce false positives or false negatives.

Users should verify important decisions before taking action.

12. Service Availability

We do not guarantee that MLaNDS will always be available, uninterrupted, or error-free.

Maintenance, updates, hardware failures, internet outages, or unforeseen circumstances may temporarily affect availability.

13. Limitation of Liability

To the maximum extent permitted by law, MLaNDS and its developers are not liable for:

- Loss of internet connectivity.
- Incorrect device classifications.
- Accidental blocking of legitimate devices.
- Network downtime.
- Data loss.
- Business interruption.

- Hardware failures.
- Third-party attacks.
- Financial losses.
- Indirect or consequential damages.

You use the Service at your own risk.

14. No Warranty

MLaNDS is provided on an "as is" and "as available" basis without warranties of any kind, whether express or implied.

15. Third-Party Services

MLaNDS may integrate with third-party services including cloud providers, AI services, authentication providers, notification platforms, and networking hardware.

Those services remain subject to their own terms and privacy policies.

16. Suspension or Termination

We may suspend or terminate access if:

- These Terms are violated.
- The Service is used illegally.
- Fraudulent activity is detected.
- Security risks are identified.
- Required by law.

17. Intellectual Property

All software, branding, logos, designs, source code, documentation, and content associated with MLaNDS remain the property of the developers unless otherwise stated.

You may not copy, distribute, modify, sell, or reproduce any part of the Service without permission.

18. Updates

MLaNDS may automatically install updates, security patches, or feature improvements.

Continued use of the Service after updates constitutes acceptance of any revised Terms.

19. Changes to These Terms

We may modify these Terms at any time.

Material changes will be communicated through the Service where practical.

Continued use after changes indicates acceptance of the revised Terms.

20. Governing Law

These Terms are governed by the laws of Victoria, Australia.

Any disputes shall be resolved under the applicable laws and courts of Victoria unless otherwise required by law.

21. Contact

Questions regarding these Terms may be directed to the MLaNDS support team through the official application.

22. Acknowledgement

By creating an account or using MLaNDS, you acknowledge that you:

- Have read these Terms.
- Understand these Terms.
- Agree to these Terms.
- Have authority to manage the network connected to MLaNDS.
- Accept responsibility for administrative actions taken through the Service.
- Understand that MLaNDS is a security management tool and should not be relied upon as the sole method of protecting a network.
